STATEMENT ON SIGNIFICANT ACCOUNTING POLICIES

GENERAL

These accounts have been prepared under the historical cost convention and on accrual system based on the principle of going concern. Income recognition and provisioning for Non-Performing Assets, consisting of Lease and Hire Purchase Assets, Bills Discounted and other Loans and Advances, is done as per Non-Banking Financial Companies Prudential Norms (Reserve Bank) Directions, 1998.

REVENUE RECOGNITION

As per the directives of the Reserve Bank of India, revenue is recognized upon realization, on Non-Performing Assets.

Revenue is not recognized on the grounds of prodence until realized in respect of liquidated damages, penalties and delayed payment charges, as recovery of the amounts is uncertain.

STOCK-IN-TRADE

Stock of securities are stated at cost or market price whichever is lower. Stock-on-hire is valued at agreement value less amounts receivable.

INVESTMENTS

All investments are stated at cost i.e. cost of acquisition, inclusive of expenses

incidental to acquisition where applicable. Provision for any permanent diminutions in value of investments is made which is considered to be appropriate. Income from investments is stated in revenue account in the year in which it is accrued and at gross value.

FIXED ASSETS

All fixed assets including assets given on lease are valued at cost inclusive of direct and incidental expenses related to acquisition.

Depreciation of fixed assets is provided on written down value method on pro-rata basis in accordance with the rates prescribed under amended Schedule XIV of the Companies Act, 1956. Leasehold improvements (excluding electrical installations) are being depreciated @5% on written down value and Electrical Installations included in Leasehold improvements are being depreciated @ 15%.

All the fixed assets are assessed for any indication of impairment at the end of each financial year. On such indication, the impairment loss (being the excess of carrying value over the recoverable value of the asset) is charged to the profit and loss account in the respective financial years. The impairment loss recognized in the prior years is reversed where the recoverable value exceeds the carrying value of the asset upon re-assessment in the subsequent years.
