

Report on Corporate Governance

The Directors present the Company's Report on Corporate Governance pursuant to the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations').

ITC Limited has been one of the frontrunners in India to have put in place a formalised system of Corporate Governance. Its governance framework enjoins the highest standards of ethical and responsible conduct of business to create value for all stakeholders.

NATIONAL AWARDS FOR EXCELLENCE IN CORPORATE GOVERNANCE

ITC Limited was adjudged as the 'Best Governed Company' by the Institute of Company Secretaries of India ('ICSI') at the 20th ICSI National Awards for Excellence in Corporate Governance, 2020 in the 'Listed Segment: Large Category', in recognition of its robust governance model anchored on the values of trusteeship, transparency and ethical corporate citizenship. The Award was adjudged by an eminent jury chaired by Justice A. K. Sikri, Former Judge, Supreme Court of India, and International Judge, Singapore International Commercial Court.

THE COMPANY'S GOVERNANCE PHILOSOPHY

ITC defines Corporate Governance as a systemic process by which companies are directed and controlled to enhance their wealth-generating capacity. Since large corporations employ a vast quantum of societal resources, ITC believes that the governance

process should ensure that these resources are utilised in a manner that meets stakeholders' aspirations and societal expectations. This belief is reflected in the Company's deep commitment to contribute to the "triple bottom line", namely conservation and development of the nation's economic, social and environmental capital.

ITC's Corporate Governance structure, systems and processes are based on two core principles:

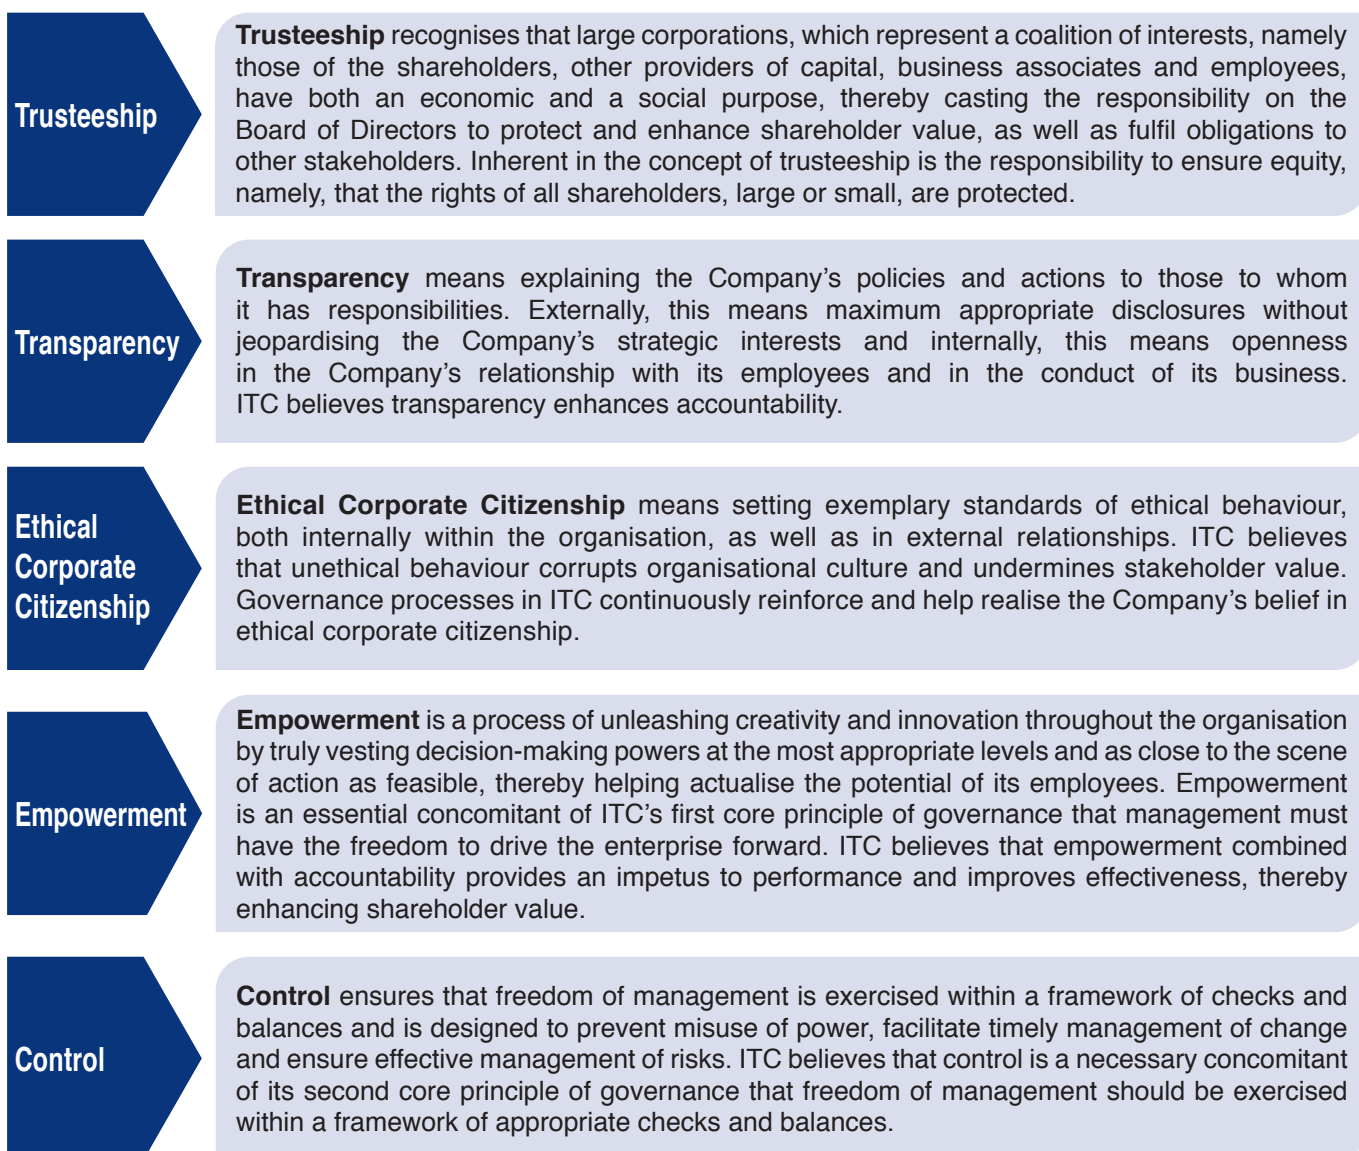

- (i) Management must have the executive freedom to drive the enterprise forward without undue restraints, and
- (ii) This freedom of management should be exercised within a framework of effective accountability.

ITC believes that any meaningful policy on Corporate Governance must empower the executive management of the Company. At the same time, Governance should create a mechanism of checks and balances to ensure that the decision-making powers vested in the executive management are used with care and responsibility to meet stakeholders' aspirations and societal expectations.

From this definition and core principles of Corporate Governance emerge the cornerstones of ITC's governance philosophy, namely trusteeship, transparency, ethical corporate citizenship, empowerment & accountability and control.

ITC believes that the practice of each of these creates the right corporate culture that fulfils the true purpose of Corporate Governance.

The cornerstones of ITC's governance philosophy are trusteeship, transparency, ethical corporate citizenship, empowerment & accountability and control.

THE GOVERNANCE STRUCTURE

The practice of Corporate Governance in ITC takes place at three interlinked levels:

Strategic supervision	by the Board of Directors
Strategic management	by the Corporate Management Committee
Executive management	by the Divisional Chief Executive assisted by the Divisional Management Committee

The three-tier governance structure ensures that:

- (a) Strategic supervision (on behalf of the Shareholders), being free from involvement in the task of strategic management of the Company, can be conducted by the Board with objectivity, thereby sharpening accountability of management;

- (b) Strategic management of the Company, uncluttered by the day-to-day tasks of executive management, remains focused and energised; and
- (c) Executive management of the divisional business free from collective strategic responsibilities for ITC as a whole, remains focused on enhancing the quality, efficiency and effectiveness of the business to achieve best-in-class performance.

The core roles of the key entities flow from this structure. These roles, in turn, determine the core responsibilities of each entity. In order to discharge such responsibilities, each entity is empowered formally with requisite powers.

Report on Corporate Governance

The structure, processes and practices of governance are designed to support effective management of multiple businesses while retaining focus on each one of them.

The Governance Document that sets out the structure, policies and practices of governance is available on the Company's corporate website www.itcportal.com.
